Career Objective:

Enthusiastic Software Engineer with a solid background in software development and a keen interest in problem-solving, eager to utilize skills in a dynamic setting. Dedicated to promoting innovation and providing high-quality solutions while consistently enhancing team performance and contributing to the company's success.

Education:

B. Tech in Computer Science and Engineering [2020 - 2024]
Dr. Babasaheb Ambedkar Technological University. **CGPA: 7.89**

Experience:

- 1. Digital Lync [May 2024 - October 2024]**
Full Stack Java Intern:
 - Designed and developed** highly scalable RESTful APIs using Java, Spring Boot, Spring Data JPA, and Hibernate, significantly enhancing backend functionality and performance.
 - Engineered database architectures** in PostgreSQL, optimizing data storage, retrieval operations, and complex query execution for faster application performance.
 - Collaborated** closely with front-end developers to seamlessly integrate API endpoints with dynamic user interfaces, ensuring full-stack efficiency.
 - Implemented robust security measures**, including middleware for input validation and data sanitization, to safeguard application integrity and user data.
 - Worked on creating backend solutions**, ensuring optimized performance and scalability through efficient code and database management.
- 2. SERP MEDIA LLP (Digi Clues) [July 2023 - December 2023]**
Software Engineer Intern:
 - Assisted** in developing and maintaining **web pages** using **HTML**, **CSS**, and **basic JavaScript**, ensuring responsive design and user-friendly interfaces.
 - Collaborated** with the team to integrate front-end interfaces with **Java backend systems** using **Spring Boot** and **RESTful APIs**.
 - Demonstrated proficiency in **debugging** Java code, enhancing performance and resolving issues in a timely manner and showcased strong **problem-solving** skills by identifying and resolving **technical issues** in **Java applications**.
 - Actively expanding knowledge in PostgreSQL** to enhance database management skills.

Projects:

- E-Commerce Web Application:** Built with HTML, CSS, React, Java, Hibernate, Spring JPA, Spring Boot.
- My Fitness Website:** Developed using HTML, CSS, JavaScript, React.
- ATM Simulator:** Developed using Advance Java, Swing, AWT, MySQL.

Technical Skills:

- Programming Languages:** Proficient in Core and Advanced Java, C/C++.
- Front End:** HTML, CSS, JavaScript.
- Databases:** MySQL, PostgreSQL.
- Frameworks:** JDBC, Hibernate, Spring JPA, Spring Boot, Spring Security, Tailwind CSS.
- Software Tools:** GitHub, Visual Studio Code, NetBeans, Eclipse, IntelliJ IDEA, Spring Tool Suite.

Certifications:

- Java Full Stack Developer.
- Java Programming: Beginner to Master.
- Spring Boot 3 and Spring Framework 6 with Java.
- Oracle Certified Associate Java Developer (OCAJP)

Industrial Training:

- **Zensar ESD Internship Program:** Focused on Java Language and RDBMS.
- **TCS ion Career Edge - Young Professional:** Gained insights into Career Readiness.
- **Digital Lync:** Developed strong Interpersonal, Communication, and Problem-Solving Skills through Workshops on Professional Development and Mock Interview simulations.

Soft Skills:

- **Communication:** Effectively convey ideas and collaborate with team members to achieve project goals.
- **Problem-Solving:** Demonstrated ability to analyze issues and devise innovative solutions in real-time.
- **Teamwork:** Experience working in collaborative environments, contributing to group projects and initiatives.
- **Adaptability:** Quick learner who thrives in dynamic settings and embraces new challenges

Extra-Curricular Activities:

- Served as a Prefect for a Particular Student Community in Little Flower Convent High School, Solapur.
- Represented Solapur City Football Team in A State Level Football Competition held in Nashik.
- SMASH Football Tournament Winner held at University Level, 2024.
